SB 757- PBM Audits- ILHIC is opposed to SA#1. *However, SA#2 is agreed to language and ILHIC will remove its opposition with SA#2.*

SB 1288- Dental Leasing Networks- ILHIC is Neutral with SA#1. This language is an agreement between ILHIC, the Dental Associations, ACLI, and other stakeholders.

SB 1289- Dental Fee Bill- ILHIC has no Position.

SB 1527 Compression Sleeve Mandate- ILHIC has no position. With the effective date change of 1-1-2025 presented in SA#2, ILHIC removes its opposition.

SB 1568- Disability Income- ILHIC is Neutral with SA #2, which allows the Department to collect more information on disability income plans so stakeholders have a comprehensive view at any policy implications.

SB 1912- Rate Review- ILHIC is opposed. [Public Act 102-0900](#), that just passed in the 102nd, required the Department of Insurance to oversee a study to explore rate setting approaches with the goal of making coverage more affordable for low to middle income residents. The Department sent the data call to collect information to conduct the study with a due date from issuers of November 23, 2022. This study is to receive actual data on what policy options are the best for the specific goals in mind. That study has not been finalized. Moving towards a policy without the research that was required by previous legislation for rate assessments would be wasting precious resources and insight into what would be best for our state with those specific goals in mind. Additionally, Rate Review is now being tied to the State moving to a State Based Exchange, which does not establish an assessment cap on insurers, increasing costs for consumers across the State.
